

NATION X NEWS

Taxes Go Up \$1!

Nation X is officially bankrupted. Taxes only affect groups A & B.

We have all been expecting it and here it is: Nation X is out of cash. Groups C and D have been spending a lot of money, all for good reasons of course, and groups A and B are unfortunately out of luck on this one.

So that groups C and D don't have to change anything they do,

because everything they do is right, only groups A and B will pay the new tax.

NEW LAW: All members of groups A & B must pay the tax collector \$1 at the end of each day or be arrested. Group C may want to send back-up with the tax collector tonight.

The King is Great!

Long live the King. Seriously, the King is so cool; we are really lucky to have such a great King. Other nations' kings are not nearly as cool as our King. He just seems to do everything right; it just makes sense that he was sent to us from God. Our King could totally beat up England's king. We here at Nation X News support our wonderful, excellent, majestic and divine King 100%, and deny any terrible and false stories that may have been published in our newspaper, that expressed the stupid opinion that the King has too much and groups A and B don't have enough. They were all lies! We here at Nation X News have learned our lesson. We love the King! Everybody should love the King! The King is awesome! Long live the King!

NATION X NEEDS TO MAKE SOME CHOICES

Might this tax be too much for group A to afford? Some are saying that \$1 per day is too steep for some people to afford to feed their families. Already groups A & B do not have any free time. Of course groups C and D do very important work and deserve their free time.

Can groups A and B figure out how to get a vote in national decisions? Can the tax be spread out between all of the groups? These are questions other people are asking of course, where we here at *Nation X News* have put all of their trust in the King, and we know that he will bring us out of debt and restore prosperity to Nation X.
